Architectural Control Committee

Plan and Specification Review Determination

Application for Changes

The architectural control committee approval includes aesthetic features only and does not imply or warrant any structural integrity or code compliance. This approval is not based on an engineering review of the site plan or structure. The Covenants allow the HOA a full thirty (30) days to process requests and if needed, request more information to "complete" your request. Also, an additional forty five (45) days after request "completed" to notify of approval or rejection.
